

## Live Music Support Program Round 2: Program Guidelines

### Introduction

The arts and cultural sector has been significantly impacted by the COVID-19 pandemic and associated restrictions with artists and arts workers facing additional challenges in the current environment. Indoor live music venues, in particular, are experiencing significant viability challenges as a result of necessary social distancing restrictions and other factors.

Further targeted government assistance is required to ensure the ongoing sustainability of Queensland's live music venues through the COVID-19 recovery phase and beyond.

### What is the Live Music Support Program?

Live music venues are a critical part of Queensland's music ecosystem and make an important economic, social and cultural contribution across the State. Venues incubate new talent, develop artists, provide employment, and facilitate a direct connection between artists, audiences and communities.

The Live Music Support Program (LMSP) Round 2 provides further grant funding for Queensland-based indoor live music venues, building on earlier support delivered via the Queensland Government's Arts and Cultural Recovery Package. This program acknowledges the continuing impacts of COVID-19 on the financial viability of live music venues, and the importance of music venues for Queensland communities, artists, and the economy.

Funding offered through LMSP Round 2 can be used to support overhead or programming costs, enabling venues to continue to program live music following an extended period of operating at reduced capacity levels.

The Program's objectives are to:

- Relieve short term cost pressures for live music venues operating at reduced capacity.
- Support employment of venue staff, technical crew and artists.
- Ensure venues that program original live music are in a strong position to safely resume full operations when restrictions are lifted.
- Support the current and future viability of Queensland's live music ecology.

### Further Support

Dedicated support for Live Music Touring is available through the [Touring Queensland Quick Response Fund](#) (TQF Quick), with grants of up to \$20 000 to support the delivery of touring performances.

Live Music Venues can seek further support through the [Queensland Arts Showcase Program](#) (QASP), which provides project funding to support vibrant and accessible arts and cultural experiences in Queensland.
